

Ladies and Gentlemen,  
we kindly invite you to participate in our project.

Professor Wojciech Narębski (who passed away on January 27th, 2023) lived in Krakow for many years. He was associated with the city of Vilnius. He was a participant in the Italian campaign of the Anders Army, a retired academic professor, a community activist, and a friend of the youth. Despite numerous difficult experiences, the professor maintained a positive attitude and repeated that it was precisely his **smile and song that helped him overcome life's obstacles**.

In May 2019, Colonel Wojciech Narębski read „Appeal to the Youth” ; on behalf of the veterans of the 2nd Polish Corps at Monte Cassino. Here is an excerpt:

„You must!

*You must keep the truth about the Battle of Monte Cassino, the truth about our sacrifice, about the deaths of our colleagues, about the desperation with which we overcame the terrain obstacles in the deadly enemy fire, in your memory for future generations. All of this is deeply embedded in our hearts, but we want to be sure that when the last of us leaves this earthly vale, there will be successors who will remember this, who will visit the graves of our colleagues and pay them homage.*

(...)

*We hope that you will someday pass on fragments of these memories to your children and that the continuity of tradition will be preserved.”*

**Mindful of these words, we strongly recommend the participation of children and youth in the third edition of the international project entitled MONTE.23, which consists in the preparation of electronic material as a form of response to the appeal of veterans.**

**We recommend the use of all literary forms (diary page, short story, essay attempt, poem and others) and all other forms (poster, scan of art work, voice recording, film - e.g. of a sung song, etc.). We also invite you to record, for example, school celebrations of May anniversaries.**

**The maximum duration of the video is 10 minutes.**

The organizers answer the participants questions: [snp@narebskipoint.pl](mailto:snp@narebskipoint.pl)

The most interesting materials (with the consent of the authors) will be published on the website of the „Narębski Point” Association. We will be happy to reward students and their guardians.

**We are waiting for materials until June 12, 2023 at: [snp@narebskipoint.pl](mailto:snp@narebskipoint.pl)**

**All the work - we are sure - would cause a kind smile of professor Wojciech Narębski.**
